Petition of:

National Grid
775 Dutton St.
Lowell, MA 01854

For the request to reconstruct our gas pressure regulator station and add a SCADA (Supervisory Control and Data Acquisition) System in the public right of way. The installation is located in the grass area at the intersection of Highland St and Thorndike St. This project will not disturb the new asphalt on Highland Ave, all excavation will be performed in the grass or sidewalk.

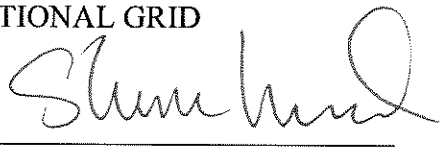

TO: Lowell City Clerks Office.

Respectfully represents the NATIONAL GRID of 775 Dutton Street, Lowell, Massachusetts, that it desires to replace our existing gas pressure regulator station off the roadway at the intersection of **Highland St** and **Thorndike St**. The proposed installation will replace the existing regulator station with a new station meeting National Grid's latest safety standards. This installation includes a new SCADA system and the necessary sustaining and protecting fixtures, in the public way hereinafter named.

Wherefore it prays that after due notice and hearing as provided by law, it be granted permission to excavate the public right of way to run and maintain a gas pressure regulator station, together with such sustaining and protecting fixtures as it may find necessary for the safe running operation of our underground gas structure and SCADA box, said gas pressure regulator station to be located substantially in accordance with the attached plan named – "Prefabricated Regulator Station Replacement - Station #2680."

ORDERED:

Notice having been given and public hearing held, as provided by law, that National Grid be and it is hereby granted permission to excavate the public right of way to install the new station as shown in the plan named "Prefabricated Regulator Station Replacement - Station #2680," in the public the public way hereinafter named as said Company may deem necessary, in public way or ways hereinafter referred to, as requested in petition with the said COMPANY dated, May 8, 2019.

Said gas pressure regulator station shall be located substantially in accordance with the attached plan named - "Prefabricated Regulator Station Replacement - Station #2680."

The following are public ways along which the gas pressure regulator station above referred to may be installed: the grass area located at Highland St and Thorndike St on City Property, Lowell, Ma.

I hereby certify that the foregoing order was adopted at a meeting of the
.....
....., held on the day of.....,20.....
....., 20.....

Received and entered in the records of location orders of the City of Lowell, Ma.

Book.....Page.....

Attest:

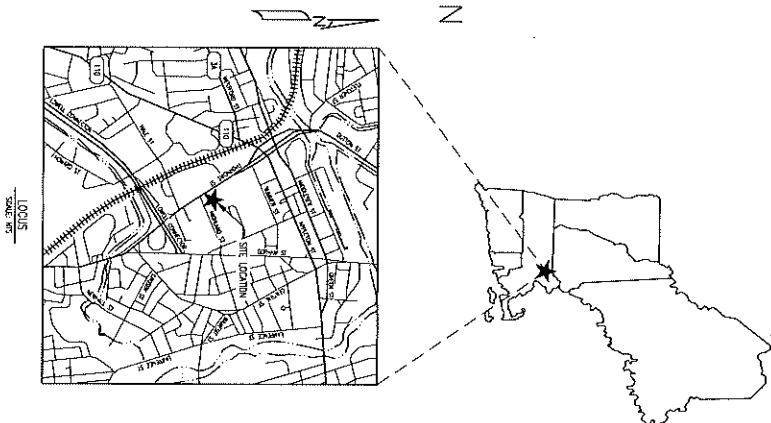

.....hereby certify that on20....., at o'clock,.... M
At....., a public hearing was held on the petition of
NATIONAL GRID for permission to install gas pressure regulator station as described in the
order herewith recorded, and that I mailed at least seven days before said hearing a written notice
of the time and hearing to each of the owners of real estate (as determined by the last preceding
assessment for taxation) along the ways or parts of ways upon which the Company is permitted
to install gas pressure regulator station under said order. And that thereupon said order was duly
adopted.
